NEW, RARE AND GOOD OLD IRISES

SOMETHING FOR THE FUTURE

For the past fifteen years or more I have been collecting and breeding irises as a hobby. I have had a wonderful time doing it. Many thousands of crosses have been made. Most of the resulting crosses have not been decided improvements on existing varieties. A few of the crosses, however, have resulted in some very fine flowers of wonderful form and a substance lasting long in bloom over a long period—on plants that are vigorous, well-branched and free-flowering with distinct and most delightful color combinations. Among them are some gems in the Pumila group. In the fifteen years I have not introduced a single variety, largely because I have not yet developed flowers that have fully come up to my standard. On the other hand, some of them are so good that I have registered the names with the American Iris Society, expecting to observe them further and if they continue to measure up so well in comparison with varieties already on the market, I expect to introduce the best of them to the iris loving public. I feel sure some of the following varieties will be awaited with unusual interest:

YOUR OPPORTUNITY

I am offering many varieties of irises at unusual prices. It is a rare opportunity for commercial growers and collectors to secure many varieties that are scarce and seldom offered for sale.

ORDER EARLY

All plants are offered subject to being in stock and not sold upon receipt of order. I have a good stock of most varieties but of a few the supply is limited. Prices are net for one plant and terms are cash, unless otherwise arranged. Orders will be filled in the order received. Retail orders take precedence over wholesale. Write names plainly and give shipping directions carefully. Keep a copy of your order. Shipments will be made during July, August and September, unless otherwise requested. Since the prices are so low, do not ask me to fill an order for less than \$2.00. All orders will be carefully packed without extra charge and delivered free, either by express or parcel post.

DISCOUNTS

Cash discounts allowed on orders received and paid for before July 1st, amounting to less than \$50.00, 2 per cent; \$50.00 or over, 5 per cent; \$100.00 or over, 10 per cent.

Special prices will be quoted on 100 or more of one variety, and large orders of mixed varieties. Prices of named but unlabeled varieties for landscape purposes, \$2.00 and \$5.00 per 100 while they last.

GUARANTEE

Roots sent out will be average size or larger for the variety represented. They are grown under my personal supervision. I personally fill all orders. Practically all varieties have been received direct from the originator, insuring true stock. The greatest possible care is then exercised to keep all varieties accurately labeled and true to name. Certificate of nursery inspection will accompany each shipment. All plants are guaranteed to reach you in good condition. If not entirely satisfactory upon receipt, I will cheerfully refund the purchase price, provided plants are returned at once. If for any other reason they are not satisfactory, you can depend upon me to adjust same. Remember the deal is not closed until all reliable customers are satisfied. Planting instructions accompany each shipment.

WHAT OTHERS SAY

Irises were shipped to all but nine States last year. I received many generous expressions of the quality of service rendered—big healthy vigorous plants, carefully packed to arrive in good condition, and at prices almost unequalled.

An Oregon grower wrote upon receipt of shipment, "We here in the Northwest boast of big husky rhizomes, but you have us beaten. Never saw finer plants and in such perfect condition."

A grower in Michigan said "I want to tell you what I think of the kind of plants you sent me. They were wonderful. I appreciate your generous treatment."

From Missouri, "In my twenty years buying irises, I have never received better plants, especially of the new varieties."

A New England iris specialist wrote me, "You are doing a wonderful thing for the iris trade to send out such fine plants at such remarkable prices."

What an iris grower in Kentucky wrote, "I am more than pleased with my order. The plants arrived in perfect condition. The plants purchased last year gave me excellent results."

A grower in California wrote, "I am glad to inform you that my order of iris arrived in first class condition yesterday afternoon (October 11th). And they also are the best appearing ones I have ever received. They should all come along fine and bloom next spring. Would you inform me if I placed orders for iris this coming season from the people who see my gardens, will you furnish me more at the prices quoted this year?"

It has been a genuine pleasure to have such expressions of approval.

AN "IRIS LOVERS' GUIDE"

For full descriptions of varieties, care and planting instructions or other information refer to my new Catalogue or Iris Lovers' Guide, as it has been referred to by many, "New, Rare and Good Old Irises." I have added more than 150 new varieties to the more than 700 included in the 1928 edition. Among other things will be the name of introducer and date of introduction, principal awards, height, season of bloom from very early to very late, both garden and exhibition rating, how to select, plant and care for irises, and other information not otherwise readily available. I received many favorable comments on the 1928 edition. One grower stated in his catalogue: "In view of my own disappointment in getting out the list that I had hoped to, I take pleasure in recommending to you an Iris list which is the most complete and valuable for descriptions of any I have ever seen. It is issued by Earl Wooddell Sheets * *. It sells for 25 cents but is worth a dollar to anyone who is really interested in iris, for the information it contains."

Another grower wrote: "You have done more to help the commercial iris game than any other similar effort in a dozen years." And another: "The 25 cents I paid for your 'Iris Lovers' Guide' was the best iris investment I have ever made," and so on by the dozen.

The Bulletin of the American Society, No. 30 January, 1929 states:

"For the real collector * * the new Catalogue of the Treholme Gardens offer the most comprehensive lists I have run across, of recent years. Mr. Sheets with more space at his disposal gives good reasons for even the poorly rated. For the student his descriptions are markedly thorough and helpful. His private ratings on exhibition and garden value average no higher than those in the symposium and though my experience with some varieties varies from his reports that is only to be expected in a different clime or garden. He gives height accurately and is the first in this country at least to record seasons from very early to very late. This is in itself a real contribution even though it records the facts in only one possibly small district. The premiums offered to customers who become members of the society are only approached (by one other). Whatever the actual returns to the society may be we owe much to their generous expression of interest."

An official of the American Society wrote: "I find your catalogue invaluable in the show room as well as in the selection of varieties for exhibition.

If you failed to secure a copy of the 1928 edition, I have a small supply left and will send them at 25 cents each as long as they last. The 1930 Edition contains more than 150 new varieties and omits nearly as many that I consider have been superseded or are no longer needed. If you are a customer of mine you have already received a copy or I will gladly send you one upon request, to others the price is 25 cents. Do not send coin. Send P. O. Money Order or Stamps to avoid possible loss. You will find "Iris Lovers Guide" of great value during the iris show season as well as for all other purposes throughout the year. A copy will be sent free with all orders. If a copy is purchased at 25 cents and an order amounting to \$2.50 is placed later, any 50 cent iris may be selected free. Visitors are always welcome to the gardens, but by a appointment only.

JAPANESE IRISES

For a richly colored display in the border, Japanese Irises are highly recommended. While they require somewhat different treatment than the bearded varieties, yet they are hardy and most satisfactory. They require a sunny location and rich soil with plenty of moisture, but where water does not stand. I have been growing a large number in my attempt to classify and rate the best of the named varieties. While this work is progressing I have accumulated a surplus that I can offer at unusual prices. If order is received by July 1st. I will supply 5 named varieties but without labels for \$1.00. They are white, blue, violet, purple, red and combinations of these colors.

I can supply named varieties in a wide range of colors at prices from 25 cents to \$2.00 each.

THE AMERICAN IRIS SOCIETY

If you are not now a member of the American Iris Society, you are invited to join at once. As Regional Vice-President for the Southeastern Region (comprised of the State of Maryland, Virginia, and West Virginia, and the District of Columbia) if you order iris amounting to \$2.00 or more I will send you my selection:

Iris worth \$1.00 with Active Membership \$3.00.

Iris worth \$2.00 with Special Three-year Active Membership \$8.50.

Iris worth \$2.50 with Sustaining Membership \$10.00 or more.

Iris worth \$5.00 with Research Fund Membership \$25.00 or more.

Iris worth \$10.00 with Life Membership \$50.00.

Please make checks payable to the American Iris Society. Send check to me and I will forward it to the Society, and send you the irises.

Send me your check for the iris and your membership by **not later than July 1st**. Fill out the enclosed form at once. If you are already a member, please give this to a friend. Keep in mind that membership in the society brings you four special bulletins on irises during the year.
